

THE ITALIAN
BRAND FOR
THE HYGIENE
AND WELLNESS
OF YOUR PET

Catalogue 2021

LOVE TO LIVE

This is our philosophy. Because this is what our pets make us feel whenever we are with them. With their unconditioned love, they add a note of joy to our everyday lives and they remind us how wonderful life is. Especially when it is shared.

ARYA is our way of thanking them. An Italian brand dedicated to the care, hygiene and wellbeing of cats and dogs, born from a thirty year-long experience acquired by the Laviosa Group in the pet hygiene market.

Our mission is to ensure that the love we receive is constantly reciprocated in the best possible way. For this reason, ARYA products have been selected one by one to offer the best in each context.

Natural raw materials, extracts and essential oils which are produced thanks to organic farming methods and an all-Italian supply chain: these are just some of the characteristic features of the ARYA range.

Each product is formulated and produced as if it were to be used on our own children. Because the love of life is authentic only if it is shared.
